

What is it?

<u>Target group</u>	From 4 years
<u>Material</u>	--
<u>Procedure</u>	<ul style="list-style-type: none"> - One child chooses an object in their surroundings. The other children close the eyes and afterwards the children try to find which object it is. Therefore they ask questions. - The child answers only with yes or no.
<u>Variations</u>	The children can bring back some objects they find in the nature to the classroom and play there.
<u>Aims</u>	<ul style="list-style-type: none"> - Social-emotional competences : get to know each other, establish relationships with others, and competences to observe the environment : refine one's tactile perceptions. - Language : asking precise questions to find an object (size, colour, shape, ...)
