

Look and touch

<u>Target group</u>	5 - 6 years old children
<u>Material</u>	No material Limited but big place outside with a lot of things
<u>Procedure</u>	The children are spread all over the place. The teacher says a colour and all the children must go to something of this colour and to touch it.
<u>Variations</u>	Restrict the instructions, for instance only the colours in the flowers. They can also look for different shapes: square, triangle, rectangle, circle.
<u>Aims</u>	visual-motor ability, motor coordination, agility, capacity development concentration.
<u>Comments</u>
