

# Sounds of the city

<u>Target group</u>	Age : 4 years old
<u>Material</u>	Pictures: dogs, people, cars, busses, trucks, subway, motorcycles, birds, horn, fountains, ambulances, bell of bike...
<u>Procedure</u>	<p>During a walk in town :</p> <ul style="list-style-type: none"> <li>-The children close their eyes and then listen to the sounds they hear around them. And they make hypotheses about what they think they are hearing.</li> <li>-Then, the teacher places various pictures on the ground, and asks the children to show what they have heard. We verify if the hypotheses were correct by asking the children to observe around them and to show if they find the same thing as in the pictures.</li> </ul>
<u>Variations</u>	<ul style="list-style-type: none"> <li>-The children close their eyes and listen to the sounds which surround them.</li> <li>-Then, they are going to imitate the sounds that they have heard.</li> <li>-Then, the teacher shows pictures and the children imitate the</li> </ul>

	sounds of every picture.
<u>Aims</u>	Refine one's auditory perceptions : Listen to the sounds, distinguish sounds, identify them
