

# Making music (C2)

<u>Target group</u>	3-4-5 years
<u>Material</u>	Some material from the nature: stones, braches, leaves, chestnuts, ... CD player CD with music
<u>Procedure</u>	<ul style="list-style-type: none"><li>- All the materials lie in the room on the floor.</li><li>- The teacher plays a song on and the children walk around.</li><li>- When the children hear only music they have to walk. When they hear somebody singing they can take an item and make some 'music' by themselves.</li><li>- When the music stops they have to put everything back on the ground.</li><li>- Then the children go and sit in a circle. Every child takes two stones.</li></ul>

	<ul style="list-style-type: none"> <li>- The first child makes a sound with the two stones.</li> <li>- The rest of the group has to repeat the sound of this child.</li> <li>- Now the second child makes a new sound.</li> <li>- And so on.</li> </ul>
<u>Variations</u>	<ul style="list-style-type: none"> <li>- The children can also use other materials to make the sounds in the circle. For example: branches, chestnuts,...</li> <li>- At the end the children can make their own sound all at the same time.</li> </ul>
<u>Aims</u>	<ul style="list-style-type: none"> <li>- Learn to compare</li> <li>- Act and produce using elements of the nature</li> <li>- Discover different ways of producing sounds.</li> <li>- Discover rhythm, pace and beat.</li> </ul>
