

Statue copying

<u>Target group</u>	4-6 years old children
<u>Material</u>	Pictures from sculptures
<u>Procedure</u>	The teacher divides the children into small groups /3-4 members in 1 group/ and gives a picture to each group. The groups have to make a live sculpture, they have to imitate the photo.
<u>Variations</u>	Step by step more difficult sculptures have been given to the groups. After doing it a first time, the children can be put in pairs and then one of them is blindfolded and has to follow the other child's instructions.

<u>Aims</u>	Develop cooperation Develop the quality of imagination
<u>Comments</u>	It's a very good ice breaking exercise.
