

Map - build a bridge (C1)

<u>Target group</u>	5-6 years old
<u>Material</u>	Wood, rocks, map, treasure
<u>Procedure</u>	<ul style="list-style-type: none">- The teacher tells the children a story to motivate them to find the treasure- Give the children a map (drawn by the teacher from the place where they are) and they have to find the treasure- The treasure is marked on the map with an X

	<ul style="list-style-type: none"> - They go into the forest and follow the map, but there is a little river - The children have to find a solution to go to the other side (they can't swim) - They take material to make the bridge - When they are on the other side they find the treasure
<u>Variations</u>	<ul style="list-style-type: none"> - Two teams - different materials (first time with wood, next time with rocks)
<u>Aims</u>	<p>Get to know yourself Discover one's physical capacities Get familiar with reading a map</p>
